“ I was excited to work the the BizBash team to generate new leads for our corporate team. They were easy to work with and helped us create an amazing virtual tasting program that was elevated, impactful and delivered the Sugarfina sweetness our brand is known for. The response to the event was overwhelming and our team had to rush to create additional candy kits for the surge of attendees. The result was phenomenal lead generation and new relationships with premium brands. A great experience from start to finish.”

— David Cruz,
Director of Corporate Sales
